Impressive Inside & Out™

Impressive Inside & Out.

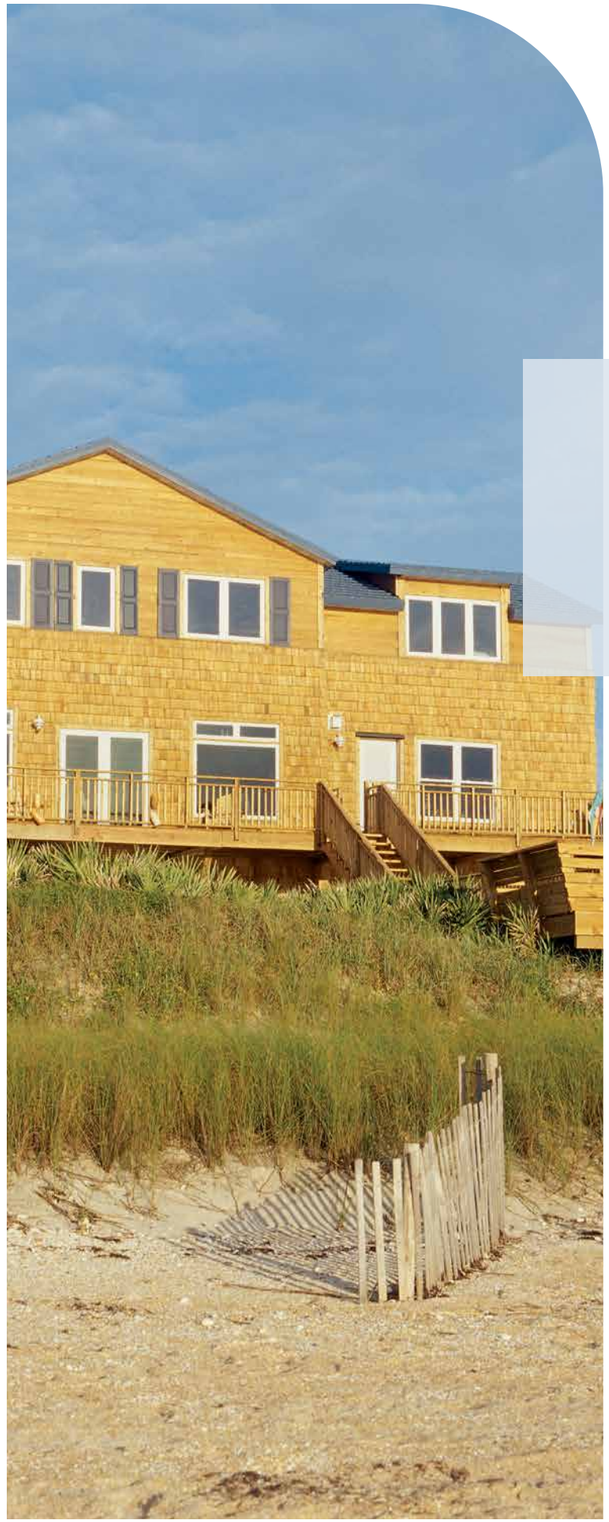

Simonton® Windows & Doors presents a fresh perspective on your home — and all the moments that matter most to you.

Our commitment to quality begins with premium vinyl products proudly crafted in the USA that deliver decades of durability, ease of use and efficient thermal performance — with an array of operating styles, colors and hardware to complement the design aesthetic of your home.

Every day, we design award-winning windows and doors to satisfy a simple purpose: to brighten and beautify your home, and to enhance your comfort and peace of mind for generations to come.

CELEBRATING MORE THAN SINCE 1946 75 YEARS OF INNOVATION & EXPERIENCE

Designed for Life on the Coast.

The splendor of coastal living with beautiful views and ocean breezes also comes with unique challenges for homeowners. From hurricane-force winds and flying debris to heavy rains and corrosive sea air, impact-rated Simonton StormBreaker Plus® windows and doors are designed to meet tough coastal certifications that help protect your home and increase peace of mind—whatever the forecast calls for.

Scan to see a homeowner's story of how Simonton StormBreaker Plus windows helped protect their home from the ravages of Hurricane Michael.

Trusted Quality for Coastal Applications.

The impact-resistant designs of the Simonton StormBreaker Plus coastal collection give confidence that your home can withstand severe coastal conditions. Simonton windows and patio doors are designed to achieve high design pressures and impact resistance needed for impact code certification. They are rigorously tested to earn AAMA Gold Label Certification, signifying best-in-class construction and performance.

At Simonton, we strive to exceed your expectations. Our StormBreaker Plus windows and doors are designed with your home and your needs in mind:

HURRICANE PROTECTION

Advanced missile testing ensures that StormBreaker Plus windows and doors meet or exceed standards for impact resistance to help protect your home against hurricane-force winds.

PREMIUM VINYL

Simonton first-generation vinyl uses the best raw materials to create a durable, thermal-efficient material that withstands harsh coastal weather conditions, including extreme temperatures, humidity, salt spray and insect damage .

IMPACTFUL STYLE

Brighten and beautify your home—inside and out. Explore a wide range of styles, configurations, and colors to complement any architectural or interior design style.

COMPREHENSIVE WARRANTY

We stand behind the quality and craftsmanship of our windows and proudly offer a robust warranty covering our vinyl, hardware and glass units to guarantee your total peace of mind.

TRUSTED EXPERTISE

Simonton is proud to be part of Cornerstone Building Brands, the #1 manufacturer of windows in North America. We continue to deliver on a reputation of innovation and authenticity built over 75 years in the industry.

AAMA GOLD CERTIFICATION

The StormBreaker Plus Collection has earned the AAMA Gold Label, signifying best-in-class durability, weather resistance, and energy efficiency. Learn more at **simonton.com/aama-gold**.

ENERGY EFFICIENCY

Simonton StormBreaker Plus windows and doors can be customized to meet ENERGY STAR® requirements in any region, offering superior thermal performance to maximize the interior comfort of your home.

Impact Performance You Can Trust.

From impact-resistant laminated glass and reinforced profiles to enhanced hardware and superior structural glazing, every StormBreaker Plus® design feature is engineered for durability and has passed the most rigorous impact zone certifications.

SAFEPOINT® MAX IMPACT GLASS PROTECTION

Simonton StormBreaker Plus features SafePoint® Max Impact Glass protection, providing the right strength and thickness of impact-resistant laminated glass for your home's design and local coastal building code requirements.

SAFEPOINT® MAX
Durable impact-resistant laminated glass with a tough interlayer that provides added strength and resilience for Missile D Certification.

SAFEPOINT® MAX+
Ultra-durable impact-resistant laminated glass with a thicker, stiffer interlayer that provides added strength and resilience for HVHZ certification.*

IMPACT PROTECTION WITH SOUND, SUN AND SECURITY BENEFITS

The strength of SafePoint Max Impact Glass protection comes from the durable laminate interlayer that is sealed between two layers of glass. This resilient impact-resistant laminated glass guards against hurricane-force winds and windborne debris while providing everyday benefits that enhance your life.

STORM PROTECTION
24/7 protection against high winds and flying debris without storm shutters.

SOUND REDUCTION
Reduces unwanted noise by up to 50% over standard glass.

SOLAR SHIELD
Blocks up to 99% of damaging ultraviolet rays that will fade your interior.

SAFETY & SECURITY
An effective barrier against forced entry for added peace of mind.

Tested and Certified for Coastal Living.

HVHZ Certified

HVHZ CERTIFIED

Select window and patio door sizes are certified for High-Velocity Hurricane Zones (HVHZ), meeting the highest impact standards set by the Florida Building Commission for Miami-Dade and Broward County.

Missile D Certified

MISSILE D CERTIFIED

Meets Missile D impact specifications for the Florida Building Commission and the Texas Department of Insurance evaluation for the Texas Coast.

* StormBreaker Plus windows and patio doors have SafePoint Max or Max+ impact-resistant glass required for your certification level, style and product size.

The Strength is in the Design.

Simonton StormBreaker Plus® windows deliver the coastal performance your home requires, along with essential features that enhance your home's comfort, aesthetics and convenience.

SIMONTON STORMBREAKER PLUS
DOUBLE HUNG

1. **BUILT-IN STRENGTH**
   Fusion-welded frame and sash increase weather resistance and durability, while the reinforced profiles add to the window's structural integrity.

2. **BEAUTIFUL DESIGN**
   Timeless beveled frame design complements any home.

3. **STORM PROTECTION**
   SafePoint® Max impact-resistant laminated glass protects against high winds and windborne debris.*

4. **ENERGY EFFICIENT**
   1" insulating glass unit with ProSolar® Low-E glass and Argon gas increases efficiency and comfort.

5. **LONG-LASTING BEAUTY**
   The vinyl color is molded throughout the profile for long-lasting beauty that withstands coastal conditions that won't rot, deteriorate, pit or peel like wood or aluminum windows.

6. **WATER BARRIER**
   Triple-stepped, sloped Simonton Sill® and Lap Lok® meeting rail on Double Hung windows protect against wind and rain.

7. **TROUBLE-FREE OPERATION**
   The stainless-steel constant force coil spring balance system easily raises and lowers the sash.

* StormBreaker Plus windows have SafePoint Max or Max+ impact-resistant glass required for certification level and product size.

Beautiful Views & Peace of Mind.

Enjoy room-opening style and convenient access to the outside with a Simonton StormBreaker Plus® patio door that provides the highest levels of coastal impact-resistant performance.

SIMONTON STORMBREAKER PLUS
SLIDING PATIO DOOR

1. BUILT TO LAST
Strong, weather-resistant mechanically fastened frame with fusion-welded panels and structural reinforcements.

2. SECURE PROTECTION
Multi-point locking system tightly secures the door panels against wind and rain infiltration.

3. BUILT-IN PROTECTION
Triple-strength tempered glass and SafePoint® Max impact-resistant laminated glass protects your home during a storm event.*

4. EFFICIENCY & COMFORT
1" insulating glass unit with ProSolar® Low-E glass and Argon gas for energy performance.

5. BEAUTIFULLY DURABLE
Vinyl has excellent insulating properties and can withstand extreme weather conditions year after year.

6. SMOOTH PERFORMANCE
Enjoy a lifetime of effortless operation with a corrosion-resistant sill track and stainless-steel rollers.

7. CUSTOM SIZES
Available in 2- and 3-lite configurations to accommodate your home.

* StormBreaker Plus patio doors have SafePoint Max or Max+ impact-resistant glass required for certification level and product size.

The Best Windows on the Market

I had just installed 8 of the double hung StormBreaker windows only a few months before hurricane Michael hit us hard. Three large trees hit our house and destroyed the roof, but not a scratch or any damage to the windows from the 150 mph winds and we had a lot of hickory nuts flying that put dents in 26 gage roofing metal. We now feel it was a very good decision to pay the extra for the StormBreaker Plus windows.

Steps to Select Your Perfect Window.

The right window can completely transform the look and feel of your home. The Simonton StormBreaker Plus® collection is available in a wide range of custom configurations to match the architectural and interior design styling of your space. Here's how to get started:

01

EXPLORE WINDOW & DOOR OPERATING STYLES

Choose from a variety of coastal impact-certified window shapes, operating styles and patio doors to complement your home inside and out.

02

LEARN ABOUT YOUR ENERGY EFFICIENT GLASS OPTIONS

Customize your glass package to optimize efficiency, comfort and performance for your home.

03

SELECT YOUR DESIGN OPTIONS

Choose from a range of durable vinyl colors, exterior finishes and hardware options.

04

CHOOSE YOUR GRILLE PROFILE + PATTERN

Traditional or contemporary, the right grille profile and pattern can enhance the authenticity and aesthetic of your home.

01 A Window and Door Style for Every Home.

Choose from various operating styles and shapes to personalize your home's design. Whether you want to showcase a beautiful view or enjoy an ocean breeze, Simonton has the coastal window and door to enhance your life day after day.

DOUBLE HUNG

Double Hung windows provide a timeless and classical aesthetic. The top and bottom sash slide vertically and tilt in for easy cleaning from inside the home.

HORIZONTAL ROLLER

The Horizontal Roller has one operating sash that slides left or right. This more contemporary style provides open views and ample fresh air.

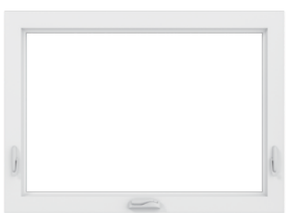

END VENT SLIDER

Ideal choice for replacing a large Picture window to gain ventilation, the End Vent or 3-lite Slider has a fixed center window with operable end vents that slide horizontally.

CASEMENT

Casements offer maximum ventilation and are the most energy-efficient windows available. The crank-operated hinged sash opens easily outward and can be cleaned from inside when fully opened.

AWNING

Awning windows are hinged at the top and open outward. Turn the crank handle and enjoy fresh air, even when it's raining.

PICTURE

Offering an expansive, unhindered view, a Picture window is one of the most weather-resistant styles available and is fixed—with no movable sash. They are ideal for large or small areas where daylight is desired.

SPECIALTY SHAPES

Available in a variety of circular, arched and linear designs—Specialty windows provide a unique, custom look that complements both contemporary and traditional homes.

COMBINATION WINDOWS

Select StormBreaker Plus windows can be mulled (or joined) together into a single unit. A mulled window combines matching or contrasting window styles to create a single weathertight unit that provides a truly custom aesthetic and allows more natural light into your home.

PATIO DOOR

Large sliding glass door panels deliver a lifetime of smooth operation while providing panoramic views and more natural light that seamlessly extends your interior living spaces to the outside.

02 Learn About Your Energy Efficient Glass Options.

Simonton StormBreaker Plus® windows and doors deliver the ultimate in energy efficiency and thermal performance, helping to reduce your heating and cooling costs all year long. Additional glass options are available to enhance privacy, reduce solar heat gain and meet Sea Turtle Protection Ordinances.

ENERGY EFFICIENCY & SOLAR CONTROL

ProSolar Low-E glass options are designed to enhance regional energy efficiency and deliver optimal efficiency and comfort, no matter where you live.

ProSolar LOW-E

IDEAL FOR AVERAGE CLIMATES
Year-Round Comfort & Efficiency

ProSolar SHADE

IDEAL FOR WARM CLIMATES
Superior Solar Control & Aids Cooling

ProSolar SUN

IDEAL FOR COOLER CLIMATES
Uses Sun's Warmth & Aids Heating

ProSolar SHADE+

IDEAL FOR WARMEST CLIMATES
Exceptional Solar Control & Insulation

GAS FILL

Standard **Argon gas** (six times denser than air) is sealed between the glass panes to increase insulation and reduce energy loss.

PLUS 4

INTERIOR SURFACE LOW-E
Added for Warmth & Superior Insulation

OBSCURE LAMINATED GLASS

Featuring an opaque white interlayer, obscure laminated glass provides complete privacy while maintaining natural light.

ENERGY STAR®

Simonton provides optional region-specific glass packages to meet ENERGY STAR requirements for any region, delivering optimal energy performance and comfort for your home.

TURTLE GLASS

ProSolar® Turtle Glass delivers superior energy efficiency, glare resistance and meets turtle code requirements by only allowing 40% of visible light to be projected through the glass to the shore.

KEY

✓ – Standard ⊕ – Optional

Happy with My Storm Breakers.

We replaced 19 openings over 1 year ago. With Low-E our energy bills for a/c have dropped even in one of the hottest summers. The traffic noise from nearby road is nil and the double hung style make them a snap to clean. No worries when a hurricane rolls around.
